

Proven a million times – The classic

Practical, reliable and proven a million times: those who want to create order using simple means need look no further than the AUER container in Euro format.

The basic dimension of the next highest size is the result of two smaller containers positioned lengthways next to one another. This simple system ensures maximum flexibility: different Euro containers can be stacked in virtually any combination – precisely optimised for the basic dimension of the Euro pallet (120 x 80 cm) and ISO pallet (120 x 100 cm).

At AUER Packaging, the choice is yours: classic with closed walls and base, perforated (for example for baked goods or for use in dishwashers), with hinged lids or as a case with lid, hinges and handles. And to protect your goods, we offer a loose lid for Euro pallets.

EURO CONTAINERS / CLOSED SURFACE

ORDERLINESS TO SUIT YOUR REQUIREMENTS

The practical Euro boxes manufactured by AUER PACKAGING are ideal for use wherever hygienic stackable plastic containers play an important role in transport and storage.

- available in all popular sizes
- not sensitive to acids and alkaline solutions
- cold- and heat-resistant

- optimal handling due to ergonomic handles
- also suitable for conveyor systems

Also in ESD-Version available.

EURO CONTAINERS, PERFORATED

KEEPING SIGHT OF THINGS

The latticed euro containers by AUER Packaging have effective ventilation slots – a great advantage for transporting and storing foodstuffs. Additionally, liquids can drain from the plastic container easily, and dampness will not accumulate. When stacked, it can be determined quickly whether the container is full or empty.

All these containers are hygienically flawless and easy to clean.

EURO CONTAINER CASE WITH LOCKING SYSTEM

15

ONE HANDLE ON THE SIDE

In combination with a locking system, Euro containers become fully-fledged briefcases, document cases or cases for transporting valuables: High-quality locks protect the sensitive contents from unauthorised access, and the case handle allows it to be carried comfortably.

- Also stackable with lids
- Lid with two hinges and two lock handles

- One handle on the side
- With two common locks (only one lock for 30 x 20 / 40 x 30 cm basic dimension)

Euro container case with locking system

EURO CONTAINER CASE

ONE OR TWO HANDLES ON THE LONG SIDE

Handles on the long sides turn the AUER Euro containers, proven a thousand times over, into practical and robust carrying cases – they can be carried like a traditional suitcase with one handle, or the handles on both long sides can be used to carry heavy content with two hands.

- Also stackable with lids
- Lid with two hinges and two lock handles
- Handles can be placed optionally on one or both sides
